Hyderabad, India • +91 8247750882 • avulalaxminarayana@gmail.com • laxminarayanaavula.framer.website • linkedin.com/in/laxminarayanaavula • behance.net/laxminarayanaavula

PROFESSIONAL SUMMARY

Senior Product Designer with 13 years of software experience and 9+ years specializing in Product Design, UX Strategy, enterprise SaaS, AI-powered products, and design systems. Experienced in owning complex products from 0-to-1 discovery through production delivery, partnering with founders, product managers, engineering, and QA. Strong in conversational AI, AI search, complex workflows, enterprise dashboards, information architecture, prototyping, usability testing, accessibility, and developer handoff. Combines product thinking with React frontend fluency to turn business and user needs into scalable, implementation-ready experiences.

CORE EXPERTISE

Product Design & Product Strategy • Enterprise UX & SaaS • Conversational AI & AI Search • UX Research & Usability Testing • Information Architecture & User Flows • Complex Workflows & Dashboards • Design Systems & Design Tokens • Interaction Design & Prototyping • Responsive Web & Mobile • Accessibility (WCAG 2.1) • Stakeholder & Cross-functional Leadership • Developer Handoff & Design QA

PROFESSIONAL EXPERIENCE

Fin Fit Technologies Pvt. Ltd. | Senior Product Designer

Aug 2024 – Present • Hyderabad / Remote

Freelance engagement Aug 2024–Dec 2025; converted to full-time Jan 2026 based on delivered product impact and founder trust.

- Own end-to-end product design across FinFit Club, BookARide, DesiHuddle, EV Station Finder, and Mrod Healthcare, partnering directly with founders from discovery through delivery.
- Redesigned onboarding for FinFit Club and BookARide by simplifying user flows and removing unnecessary steps to improve first-time usability.
- Built and maintained a shared design system and reusable component library across products, improving consistency and supporting faster feature delivery.
- Led stakeholder interviews, journey mapping, and usability testing that informed product decisions, feature prioritization, and roadmap discussions.
- Designed Mrod Healthcare, an at-home medical-services platform for the Saudi Arabia market, covering doctor-on-call, IV therapy, lab tests, nursing, and physiotherapy booking.
- Created React/Tailwind CSS and MUI-based prototypes for stakeholder demos, bridging product design and engineering before development sprints.
- Used AI-assisted workflows with ChatGPT, Claude, Cursor, Lovable, and Figma AI to accelerate discovery, prototyping, validation, and stakeholder alignment.
- Delivered developer-ready specifications and supported implementation and design QA to reduce design-related rework.

ADQ Services LLP | Senior UX/UI Designer

Jan 2024 – Jun 2024 • Hyderabad

Fixed-term engagement focused on leading design for a new AI product launch.

- Led UX strategy and end-to-end product design for Enquire AI, an enterprise AI-powered search and knowledge-discovery platform.
- Designed the core conversational AI experience across chat, prompt interactions, intelligent search, document intelligence, source citations, conversation history, multilingual and voice search, and AI feedback loops.

- Partnered with enterprise stakeholders, product, and engineering to define information architecture, AI interaction patterns, and MVP scope from scratch.
- Designed document-upload and knowledge-discovery workflows to make enterprise information easier to find and understand.

Softobiz Technology Pvt. Ltd. | Senior UX/UI Designer

Sep 2022 – Nov 2023 • Hyderabad

Products: CYFOX • EasyWebinar • FixFinder

- Led UX design across enterprise cybersecurity and SaaS products, translating complex workflows into clearer experiences for enterprise users.
- Ran stakeholder workshops, user research, journey mapping, and usability testing across SaaS products to shape workflows and product decisions.
- Designed enterprise dashboards and reusable design-system patterns, collaborating closely with product managers, engineering, and QA.
- Produced developer-ready specifications and supported implementation to maintain design intent through the product lifecycle.

Protos Healthcare Technologies Pvt. Ltd. | UX/UI Designer

May 2021 – Oct 2022 • Hyderabad

Product: Skedoc — Doctor Discovery & Appointment Booking Platform

- Designed end-to-end healthcare experiences across patient, doctor, hospital, and administrator platforms.
- Led appointment booking, telemedicine, doctor discovery, and healthcare-management workflows across web and mobile.
- Conducted stakeholder interviews, usability testing, wireframing, prototyping, and responsive UI design to improve booking and telemedicine experiences.

9Flights Services Pvt. Ltd. | UX Designer & UI Developer

Aug 2012 – Apr 2021 • Hyderabad

Progressed from UI Developer to UX Designer & UI Developer during a 9-year tenure.

- Owned the responsive flight and hotel booking experience across web and mobile, including search, booking, checkout, and payment journeys.
- Redesigned key booking workflows to create a smoother, more intuitive experience while collaborating directly with development teams.
- Bridged design and implementation using HTML5, CSS3/SCSS, JavaScript, Bootstrap, React, and Angular, enabling buildable specifications and efficient developer handoff.

TOOLS & TECHNICAL FLUENCY

Figma • FigJam • Miro • Adobe XD • Photoshop • ChatGPT • Claude • Cursor • Lovable • Figma AI • HTML5 • CSS3/SCSS • Tailwind CSS • MUI • JavaScript • React • Angular • TypeScript

EDUCATION

Bachelor of Arts (History) — Dr. B.R. Ambedkar Open University | 2011 – 2014
